### **NOTICE**

### **Civil Case Management Calendar to Resume**

Beginning October 1, 2021, the court will resume the civil case management calendar in Courtroom 22b. The court will set, at 8:15 a.m. on Fridays only, a Case Management Conference (CMC) for any case in which a CMC did not occur due to the suspension of the Courtroom 22b calendar and the court determines is still required. The parties will receive written notice of the new CMC hearing date.

Appearance by CourtCall will be mandatory and reservations with CourtCall are required by 12:00 p.m. the court date prior to the hearing.

If the court determines that the CMC is to go off calendar, the court will issue a tentative ruling (by 4:00 p.m. the day before the hearing) advising the parties that no appearance is necessary.
