---

The Court has received a telephonic request for continuance from Plaintiff Linda Crosnoe - reason: no transportation to court.

The Court finds/orders:

Plaintiff's request for continuance is denied.

The Court's tentative is adopted as the Court's ruling.

Plaintiff's motion is denied. There is no proof of service on any party. There is also no authority cited to support the motion and the court is unaware of any authority. It appears Plaintiff wants the court to find in her favor on some unspecified statute of limitations and if this is true it is a motion for summary judgment/adjudication but it fails to meet the requirements for such a motion. (CCP 437c.).

Notice to be given by clerk.
