FOR THE COUNTY OF VENTURA**

MANDATORY ELECTRONIC FILING FOR
LIMITED AND UNLIMITED CIVIL AND
PROBATE; PERMISSIVE ELECTRONIC
FILING FOR SMALL CLAIMS

**AMENDED ADMINISTRATIVE
ORDER
NO. 25.03**

Beginning May 5, 2025, the Ventura Superior Court will implement mandatory electronic filing ("eFiling") of documents filed by attorneys in Limited and Unlimited Civil and Probate case types. Self-represented litigants may file electronically in those case types, but they are not required to do so; instead, they may file in person at the Clerk's Office, through the U.S. mail, or via the Court's dropboxes. eFiling is encouraged for Small Claims filings, but is not required.

This Administrative Order - intended to address certain eFiling issues until such time that the Court can adopt local rules concerning the same - supersedes and replaces Administrative Order 24.04 in its entirety.

1) DEFINITIONS

- a) "*Bookmark*" - A bookmark is a PDF document navigational tool that allows the reader to quickly locate and navigate to a designated point of interest within a document.
- b) "*Electronic Envelope*" - A transaction through the Electronic Filing Service Provider (EFSP) for submission of documents to the Court for processing. An envelope may contain one or more PDF documents.

- 1 c) "*Electronic Filing*" - Electronic Filing (eFiling) is the electronic transmission to the
2 Court of a document in electronic form. (See Cal. Rules of Court, rule
3 2.250(b)(7).).
- 4 d) "*Electronic Filing Service Provider*" - An Electronic Filing Service Provider (EFSP)
5 is a person or entity that receives an electronic filing from a party or other person
6 for retransmission to the Court. (See Cal. Rules of Court, rule 2.250(b)(8).) For
7 the submission of filings, the EFSP does so on behalf of the electronic filer and
8 not as an agent of the Court. (*Ibid.*)
- 9 e) "*Electronic Signature*" - For purposes of this order and in conformity with Code of
10 Civil Procedure §17(b)(3), §34, and §1010.6(b)(2), Government Code §68150(g),
11 and California Rules of Court, rule 2.257, the term "Electronic Signature" is
12 generally defined as an electronic sound, symbol, or process attached to or
13 logically associated with an electronic record and executed or adopted by a
14 person with the intent to sign the electronic record.

16 marked place in a hypertext or hypermedia document to another in the same or
17 different document.
- 18 g) "*Lead Document*" – The lead document is the most important document in the
19 electronic envelope, as it affects the priority and timing for processing by the Court
20 and ensures that the document is directed to the appropriate workflow. The lead
21 document can be a case-initiating document (e.g., complaint or petition), a moving
22 document (e.g., motion), or a responsive document (e.g., answer or response).
23 Only one lead document can be submitted in each electronic envelope.
